guarantee(s) that the article

Fusing of Multi-Channel Sensors for Power Station Fault Diagnosis in Marine Power Systems

(hereinafter referred to as „Work“), presented for the periodical publication in the journal "ELECTRONICS AND ELECTRICAL ENGINEERING" (hereinafter referred to as „Publication“), is an original work and

- it was written by the Author(s) indicated in the Work;
- the material of the Work was not published in any other publications;
- the material of the Work is not and will not be presented for publication to any other publications;
- the Work does not contain statements, which do not correspond to reality, or material, which may infringe upon the intellectual property rights of another person or legal entity, and upon the conditions and requirements of sponsors or providers of financial support;
- all references used in the Work are indicated and, to the extent the Work incorporates text passages, figures, data or other material from the works of others, the undersigned has obtained any necessary permissions;
- undertakes to indemnify and hold harmless Kaunas University of Technology from any damage or expense that may arise in the event of a breach of any of the guarantees set forth above;
- do(es) not object to the spread of the Work by all means of distribution.

Copyright terms are indicated in the Republic of Lithuania Law on Copyright and Related Rights, Articles 4-37.

In the event the above Work is not accepted and is not published in the Publication or is withdrawn by the Author(s) before acceptance by the Publication, this guarantee form becomes null and void, and the submitted Work is not returned to the Author(s).

Hereby signing this form the Author(s) confirm(s) that the information presented above is correct and undertake(s) to abide by the guarantees and obligations given above:
